ABOUT THE COMPANY

Enertec Batteries (Pty) Ltd, is a supplier and distributor of internationally acclaimed and reliable products in the marine & leisure, golf cart, industrial, Solar, UPS and Standby industries. Backed by Enertec Batteries (Pty) Ltd, have been around for over 40 years and no efforts have been spared in researching and evaluating our range of quality inverters, batteries, and monitoring systems to supply our discerning customers with attested, long-lasting energy solutions.

Enertec can offer superior quality, innovative and scalable backup power and energy storage solutions to the South African market.

With our technical and sales service and stock in every major city through fourteen wholly owned entities in South Africa, you can get the latest technology with Enertec for incredible backup power and energy storage solutions.

Enertec is a dynamic team of passionate, proficient, and energetic individuals who strive for excellence and place no limits on what is possible.

EXTRA ACCESSORIES

You can enhance the functionality of your BLOCK and GC2 batteries by purchasing additional accessories, such as a monitor or charger. These extras are designed to complement the batteries, offering added convenience and flexibility for various applications.

The monitor allows you to keep track of battery performance and usage in real time, ensuring optimal efficiency, while the charger provides a reliable way to keep your batteries powered and ready to go.

These accessories are available separately and make an excellent addition to your battery setup.

LOW VOLTAGE BATTERIES

GL48100 Battery

ENERTEC MEGATANK	GL Series-GL48100
Voltage (V)	51.2V
Capacity (kWh)	5.12kWh
Recommended Charge/Discharge Current (A)	50A
Max Charge/Discharge Current (A)	100A
Communication	RS485, CAN
Parallel	15 Batteries
Cycles	5 000 cycles @ 70% DOD
Warranty	10 years with 70% DOD+communication
Weight (Kg's)	52 Kg's

HIGH VOLTAGE BATTERIES

Deye

DEYE HIGH VOLTAGE	HV Battery BOS-G 5.12
Voltage (V)	51.2V
Capacity (kWh)	5.12kWh
Cluster Capacity	12 Units
Nominal Charge/Discharge (A)	100A
Recommended (A)	50A
Cycle Life	6 000 cycles @ 90% DOD
Warranty	10 Years

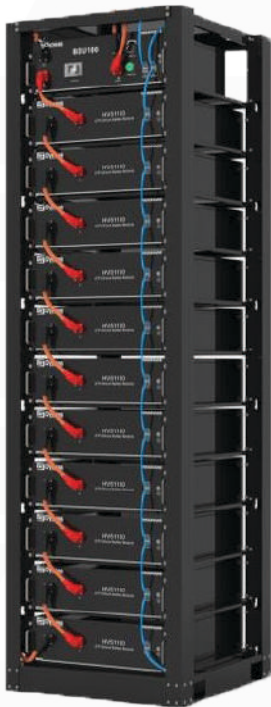

Dyness

DYNESS	STACK100
Voltage (V)	51.2V
Capacity (kWh)	5.36kWh
Cluster Capacity	12 Units
Nominal Charge/Discharge (A)	100A
Recommended (A)	50A
Cycle Life	≥8 000 cycles / 10 years
Warranty	10 Years

Dyness

DYNESS	HV Battery PowerRack HV4
Voltage (V)	51.2V
Capacity (kWh)	5.12kWh
Cluster Capacity	11 Units
Nominal Charge/Discharge (A)	100A
Recommended (A)	50A
Cycle Life	6 000 cycles @ 90% DOD
Warranty	10 Years
